Minor health ailments including, but not limited to, fleas, worms/parasites, tooth misalignment or stress induced diarrhea due to the puppy's transition from the Sellers home are not reason for dog to be returned to Seller. Proof of examination and diagnosis must be provided to Seller and Seller's vet, should Buyer wish to request returning dog for a refund. This warranty will be terminated should dog be allowed to become overweight or developing joints be overstressed at any point during the first two years. Should dog be found to have Hip Dysplasia within its first two years, Buyer must provide Seller with proof in the form of documentation from PennHIP or OFA. Veterinary medical records will be required showing the weight of dog and veterinarian's assessment of the

weight. We reserve the right to confirm the results before a refund is provided. Should results from OFA/PennHIP indicate that an injury may have occurred that caused or contributed to the issue, no reimbursement will be provided.

- All puppies are sold on a non-breeding contract (unless otherwise arranged with Seller for an additional fee). Buyer agrees to spay this female puppy by nine (9) months of age or neuter this male puppy by twelve (12) months of age. Buyer must send proof to Seller via e-mail. Failure to follow through with the spay/neuter contract as outlined above will terminate the entire Health Warranty unless a Breeder's Addendum is signed before purchase. Any legal fees incurred by the Seller to enforce this non-breeding contract are the sole responsibility of the Buyer.
- Under no circumstances shall the Seller be liable to the Buyer or to any third party for any consequential, incidental or special damages resulting from or in a manner related to the puppy.
- Upon execution of this contract all veterinary care and its associated costs are the sole and exclusive responsibility of the buyer.
